From the antics of Flavor Flav on u003ciu003eFlavor of Loveu003c/iu003e to the brazen behavior of the women on u003ciu003eLove u0026amp; Hip Hopu003c/iu003e, so-called negative images of African Americans are a recurrent mainstay of contemporary American media representations. In u003ciu003eDouble Negativeu003c/iu003e Racquel J. Gates examines the generative potential of such images, showing how some of the most disreputable representations of black people in popular media can strategically pose questions about blackness, black culture, and American society in ways that more respectable ones cannot. Rather than falling back on claims that negative portrayals hinder black progress, Gates demonstrates how reality shows such as u003ciu003eBasketball Wivesu003c/iu003e, comedians like Katt Williams, and movies like u003ciu003eComing to Americau003c/iu003e play on “negative” images to take up questions of assimilation and upward mobility, provide a respite from the demands of respectability, and explore subversive ideas. By using negativity as a framework to illustrate these texts’ social and political work as they reverberate across black culture, Gates opens up new lines of inquiry for black cultural studies.
